Best Dining Al Fresco - Celebration

Celebration Restaurant | 4503 W. Lovers Lane, 214-351-5681

If only we had a placid lake or high mountain setting to linger over in Dallas, this category might be flooded with possibilities. But most outdoor dining here overlooks a parking lot or busy intersection, and oppressive heat and smog alerts cure even the most incurable romantics among us. One restaurant that is really trying to alter the landscape is Celebration, which has several outdoor seating areas, friendly to lovers and families alike. In the summer, its outdoor patio sprinkles a cooling spray from its several mist machines. In the winter, well-placed electric heaters and an outdoor fireplace conjure up feelings of a ski chalet. The traditional home-cooking fare is consistently competent and abundant, much like it has been through its 31 years in service. And between the fountains, the mist machines, the fireplace, fans and food, you might not even notice the cars racing down Lovers Lane.
